

Sign the Fire District Annexation Petition Now

Don't let someone else make the decision about your family's safety!
Your safety is too important not to sign.

1. Be the CEO of Your Safety

The Fire District is accountable to our residents first - no out of town CEO's or foreign investors. YOU get to have a say in important decisions impacting your family's safety. Not signing is supporting the current system: public safety for profit.

2. Go Local

YOUR money will stay in the community and get re-invested into stations, equipment and personnel to keep YOU safe.

3. We'll Always Be Here

When emergency strikes and you call 9-1-1, you want to know that your fire service provider will be there. You can be guaranteed the Fire District won't ever cancel your service.

ACT NOW!

Signing is easy. Join us at these local upcoming events.
